Start with 14 beads. This pattern is for a double column seam. Start bead is at upper right of the color chart. Stitch rows 1 through 13, but omit the last bead of row 13. Create double seam by inserting Join bead (A) into the space marked by the Join bead placement marker (second occurrence of A) as the last bead of row 13. Connect seam by stitching through the Join bead (A) and continue needle through the last bead of row 13 up and to right, turn and needle through the Join 2 (B) bead from row 2 and back through the Join bead (A). The Join 2 (B) bead is now the first bead of row 14. Continue adding beads to row 14 as normal. This is the double seam method. Bead rows 14 through 19 using the double seam method. After row 19, return to row 14 and stitch rows 14-19.
